## **SNOWY HYDRO CAREERS FAIR YEAR 9-10**

Dear Parent/Carer

An excursion has been arranged to the Snowy Hydro Careers Fair at Tumut Power Station in Talbingo on **Thursday 10 April 2025**.

Students will gain insight into Snowy Hydro's operations with a VIP experience as they tour through the Tumut 3 Power Station. They will have the chance to gain insight into the important function of transformers and penstocks. Students will explore the career opportunities working with Snowy as they are immersed in renewable energy generation, and see real-time operation screens with an overview, including the generation and retail-end-to-end value chain of a dynamic renewable energy company. The students will hear from our panel of graduates, trainees and apprentices about their experiences and careers.

During the day, there will be the opportunity to explore elective experiences, including:

-  A visit to Talbingo Dam to learn and see how Snowy Hydro uses drone technology across the business.
-  Explore Environmental Science and its role in Snowy Hydro's operations.
-  A trade-skills session with hands-on experience of the tasks related to trades.
-  An introduction to surveying technology to see how to plan, prepare, and monitor projects and assets.
-  Engage in a dam-building demonstration led by graduate engineers.

Students will be travelling in the school bus, driven by Mr Piper, leaving Batlow Technology School at **7.00 am** and returning by **4.00 pm**.

**The cost for this excursion will be \$10.00 per student. The first eleven students to return their note and money will secure a place on the bus.** Students are required to wear full school uniform, they are also required to bring water and snacks. **Lunch will be catered for.**

Yours sincerely

Michelle Wainwright  
Principal

Please return by Tuesday 8 April 2025

**BATLOW TECHNOLOGY SCHOOL  
PERMISSION NOTE
