PERMISSION NOTE
TENNIS COACHING SESSIONS 2025
YEAR 7-10**

I give my child _____ in Year _____ permission to attend the tennis coaching sessions during Thursday afternoon sport at the Batlow Tennis Courts.

☐ I understand my child will be supervised by teachers during the sessions, and on the walk to and from the Batlow Tennis Courts.

☐ My child has the following medical conditions: allergies, medications required, of which you should be aware (e.g. asthma)

Accident insurance information

In the event of injury, no accident or medical insurance cover is provided by the NSW Government Treasury Managed Fund for students participating in school sporting activities, physical education lessons or any other school endorsed activity, unless there is a breach of duty of care by department or school staff. The NSW Department of Education is insured to meet the financial impact of any legal liabilities arising from its activities. It does not provide, nor has it ever provided, accident or medical insurance for students enrolled in government schools.

Concussion management

When a student enrolled in a government school is diagnosed with concussion, the principal must be advised in writing as soon as the diagnosis is confirmed. Students may only return to sport and physical activity once a medical clearance has been provided to the school and, if at a school sport event, to the supervising teacher.

Any student that experiences a suspected concussion during a school-endorsed activity, will be removed from the activity and parents/carers will be advised that a medical follow-up is required.

If medical clearance is not provided, the student cannot participate in vigorous or competitive school sport or physical activities for 21 days from the concussion date.
